

# DIY PLAY FOOD

To create your own set of play food, print out the labels, cut them out, and use *Modge Podge* to adhere them to your wooden play food pieces. Print this document out at 100% scale to avoid shrinking. These labels have been sized to fit the following wooden food pieces:

**Large Boxes** 2.75" wide, 5" tall, 1.5" deep

**Small Condiments** 1.75" wide, 2.5" tall, 1.75" deep

**Pasta** 5" wide, 1.75" tall, 1.75" deep

**Large Condiments**  
1.75" wide, 3.25" tall,  
1.75" deep

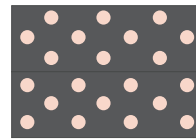

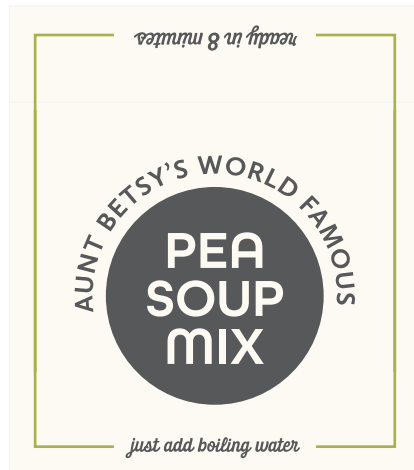

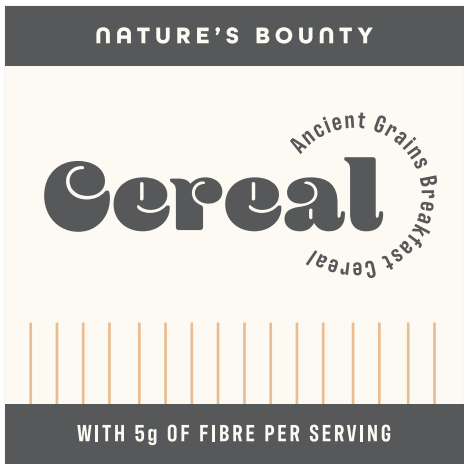

**Sugar**  
1.75" wide, 3.75" tall,  
1.75" deep

**Small Boxes** 2.75" wide, 2.5" tall, 1.5" deep

We recommend having the labels printed at a local print shop or Staples Print Centre. The document is sized to be printed on a standard 8.5"x11" paper.

# PRINTABLES

These play food labels were designed by Amber Reesor for Little Reesor House. They may be used for personal projects. They may not be used for commercial or re-sale purposes, including both the printable file and the printed out labels on play food products.

Please contact [littlereesorhouse@gmail.com](mailto:littlereesorhouse@gmail.com) if you have any questions.
